

# Voluntary work under the Danish Refugee Council

Look and Learn  
June2012

## Why volunteer for the DRC?

- Have travelled in the area that the refugees come from
- Political motivation: "We all have a responsibility"
- Social indignation: "This anti-climate has come too far!"
- It looks nice on the CV!
  - or they simply have a genuinely big heart and time to spare

## How is voluntary work financed?

**Who pays my salary?**

**Who pays for local voluntary activities?**

**Volunteers are not paid.**

**Not because they are worthless**

**- but because they are priceless**

**Sherry Andersson, Canada**
